

SCHOOL OF PHARMACY FUN AND SPORTS DAY REPORT

Nairobi University Pharmacy Students Association (NUPSA) organized a fun and sports day for its members on the 29th of July 2017 at Kenya Science grounds. The event was aimed at creating a platform for team building, social interaction and sporting spirit.

The day was scheduled to begin at 8.00 am and transport was provided for participants from their halls of residence. By 10.00 am everything was set and the sports and fun moments commenced with inter-class football match. The audience applauded and cheered the teams with songs and dances to a few of their hits. Besides football 100, 200 and 400 metre race was organized for both ladies and gents. Other games that took place include badminton, chess, scrabble and the much anticipated egg race.

Lunch was served at around 2.00 pm thereafter a tag of war for the males to display their physical prowess. The awards ceremony finished off the event with 4.3 class carrying the trophy for overall best performance. Second and third positions were taken up by 4.1 and 5th year class respectively. The NUPSA chairman moved a vote of thanks and a photo session concluded the event. It was an exciting day for the members that ended with nostalgic memories of the 2017 fun day.

The event was successful despite challenges in planning and short notice given to the students. Changes in academic calendar dates led to postponement of the event and made it difficult to set an appropriate date. Untimely response from the various authorities also affected planning. However, the NUPSA officials did a commendable job and were able to divide responsibilities among each other easing up the process. The turn out was average as anticipated and expenditure was within the budget.

The NUPSA officials extend their appreciation to the administration for the support they accorded them in planning and organizing for this event.
